

June 21, 2008 of the Lakesider (submitted June 12)

GUYS' CLUB NEWS

Guys' Club Breakfasts for July and August are-- as always-- on the 15th of the month at 8:00 a.m. at the Patio Restaurant. All Guys' Club task-force leaders will report on 2008 strategic initiatives on July 15. For the July 4 parade, members will gather one hour before the designated start time. 2008 and 2009 membership forms are in the Guys' Club World Headquarters-- the 1948 Ford truck that is usually at 315 Sycamore Avenue.

Efficiency Initiative: Lakesiders will all benefit from the Guys' Club East Gate cost-cutting program. This summer the east gate will be staffed with specially trained Lakeside feral cats. Escalating staffing costs, bored and rambunctious feral cats walking the streets of Lakeside, and the low-pressure east gate operation fused in the mind of Guys' Club economist and animal trainer-- Munnay Katman. Munnay met with Lakeside Feral Cat Association members last month to gain their full cooperation. Munnay noted, "The training has been taking hold as the selected gate-keeper cats have purrfectured the rigorous 2008 and photo verification task." East gate cat supervisor, Notch Ear, expressed his appreciation to all Guys' Club members. He particularly thanked Tony Apostos, Guys' Club member and east side resident, for agreeing to oversee the daily litter box cleaning for the new Lakeside employees.
